

ARB Corporation as a whole is monitoring the guidelines of both Federal and State Governments daily and will continue to ensure our actions comply with such.

DURING THIS TIME, WE ALL UNDERSTAND THE IMPORTANCE OF IMPROVED HYGIENE AND SOCIAL DISTANCING.

In response to the current situation to keep both our staff and customers safe and comfortable ARB is implementing the following:

- Increased its frequency and depth of cleaning within all ARB retail stores, warehousing and office sites
- Staff who handle customers' vehicles are taking additional precautions to ensure a heightened level of sanitisation and surface cleanliness

- Cashless payments as preferred payment method
- If you are unwell, please stay home

To assist us in these difficult times we ask for your patience, practicing good hygiene before entering the showroom, keeping to 1.5m social distancing and if you need to cough please do so into your elbow.

—
We thank you for your efforts and patience.
