Nissan Accessories

For the adventurer, the family of travellers or the hardworking tradie - whoever you may be, ARB will be there every step of your journey, offering you the highest calibre 4×4 accessories on the market.

With an unrelenting commitment to innovation and engineering excellence, an extensive network of retail outlets and workshops around the country and exceptional aftersales support, you can be assured you're getting quality products, reliable service and sound advice.

Protection Equipment

OUR PROTECTION GEAR HAS BEEN DESIGNED FOR MAXIMUM STRENGTH, STYLE AND PRACTICALITY.

Vehicle protection is one of the main priorities for owners of four wheel drives and commercial vehicles. Bull bars, rear bars and side rails and steps will help prevent expensive panel damage, especially when heading off road, as well as providing a solid base on which to mount a range of accessories like winches, driving lights and antennas. Like all of our products, our protection gear has been designed for maximum strength, style and practicality.

Summit Bull Bar

Built on ARB's tradition of pioneering innovation and bringing a fresh, contemporary design for modern day vehicles, the ARB Summit bull bar uses press forming technology and incorporates a 60.3mm tube diameter to deliver the ultimate in strength and aesthetics. Compatible with the latest vehicle safety systems and encompassing a range of practical features including provision for driving lights, communication antennas and electric winch models, as well as protection against corrosion, the ARB Summit bull bar represents the pinnacle in frontal protection. The Summit bull bar comes standard in a hardwearing black powder coat finish, with the option to colour code.

→ Available for Navara D23 and Patrol Y62

Summit Sahara Bar

Featuring many of the protection and design elements of the Summit bull bar, the Summit Sahara bar offers modern vehicle owners the choice of optioning a polished or painted aluminium centre tube for a uniquely different look to the more traditional bull bar, while maintaining a high level of impact protection. The Summit Sahara is designed to suit the Y62 Series 5 Patrol (Ti and Ti-L variants) and can be finished with either a polished alloy tube or the Summit Sahara Tube LED Light Bar in Integrit black. Optional fog lights and colour coding can also be specified.

→ Available for Patrol Y62

Summit Sahara Tube with LED Light Bar

Available for the Nissan Patrol Y62 Series 5 and finished in a stealthy Integrit™ textured black powder coat, the Summit Sahara tube with Light Bar features 10x integrated 20” OSRAM LED lights to illuminate the road ahead in a variety of driving conditions.

The tube’s aluminium body and high-pressure die-cast aluminium end caps enable heat dissipation for added longevity to the LEDs, while a light tint added to the polycarbonate lens ensures a non-obtrusive look. Manufactured from extruded aluminium for superior strength, the light bar’s turned reflectors create a defined beamline that’s specifically designed as a spot/flood combination to complement the OE headlight light spread; providing up to 445m @ 1 Lux and up to 44m spread of light.

→ Available for Patrol Y62

Summit Side Rails and Steps

ARB offers side rails and steps specifically designed to protect your doors, side sills and front quarter panels from damage off road, as well as aiding access to and from the vehicle. ARB's modern Summit side rails and steps have been designed to incorporate a sleek extruded aluminium step section and an integrated clamp system for bull bar attachment. For those not requiring side rails a standalone step can be fitted.

→ Available for Navara D23 and Patrol Y62

Under Vehicle Protection

When travelling off road, the underbody of your vehicle is very susceptible to damage. ARB's under vehicle protection systems are designed to protect these vulnerable areas from rocks, logs and ruts, which can often be encountered in more challenging terrain.

→ Available for Navara D23

Features

- Vehicle specific design
- Pressed and folded 3mm laser cut steel, providing more strength than folded steel alone and increasing the strength to weight ratio
- Protection panels are zinc plated and powder coated in a silver textured finish
- Recessed mounting bolts are protected and easy to remove for vehicle servicing
- Compatible with all ARB products
- Steel components are protected with either powder coat or zinc plating

Recovery Points

It is important to have strong, reliable recovery points when travelling off road. ARB has sought to set an industry benchmark for how recovery points are designed, tested and selected by 4WDers. Each vehicle specific recovery point undergoes considerable research and design, and is rated for use with a 4.75t rated bow shackle and an 8000kg snatch strap. Manufactured from steel plate, ARB's recovery points are rated for angled recovery and use specific vehicle mounting systems to ensure the fitment does not affect air bag deployment or the crash pulse of the vehicle.

→ Available for Navara D23 and Patrol Y62

Sportlid

The Sportlid is an alternative to a permanently mounted canopy, providing secure storage and keeping your gear protected from the elements. With an option to mount roof accessories for additional storage, the top of the Sportlid can support a total of 75 kilograms, with a maximum of 25 kilograms if the lid is to be lifted with the cargo still mounted*. With its unique hinge system, the OE styling bar can also be mounted to the Sportlid using the optional mount kit. The Sportlid is packed full of features and options to suit each individual needs.

→ Available for Navara D23

Ascent Canopy

ARB's Ascent canopy features the latest in design, technology and functionality while providing extra storage and added security and protection for belongings during on and off road travel. Designed, engineered and assembled in Australia, the Ascent canopy has gone through a rigorous testing regime to ensure it can handle the harshest of conditions.

→ Available for Navara D23

Features

- High flow canopy vent comes as standard on the Ascent range, pressurising the canopy to aid in inhibiting dust ingress
- Frameless, tinted and tempered safety glass used for exterior windows
- Stylish and functional interior design with maximum space and concealment of fasteners and wiring looms, where possible
- An electronic unlatching system and slam shut latches on the side and rear windows allow for one-handed operation
- Over-rail design which blends the canopy to the vehicle resulting in no visible seal
- LED interior light
- Rear spoiler which incorporates an LED brake light
- Anti-entrapment dial, which allows the rear window to be locked or unlocked from within the canopy
- Plug and play wiring harness allows for keyless entry and remote central locking
- Internal, low intrusion support frames utilised for roof rack and roof bar fitment

Classic & Classic Plus Canopy

ARB's Classic canopy has stood the test of time, offering unrivalled quality, practicality and affordability, making it the perfect solution to increase the space and security of a utility vehicle. The Classic canopy can be tailored to suit different requirements and has an extensive range of accessories to complement it.

→ Available for Navara D23

Features

- Weatherproof exterior, with a UV-resistant finish
- Central locking rear window offers added security for belongings stored in the canopy (Classic Plus only)
- Sliding or lift up side windows available
- Internal LED light
- LED brake light
- Smooth, inert materials are used in the interior making it easy to clean
- Side and rear windows are manufactured with factory tinted and tempered safety glass
- The lift up side and rear windows operate via gas struts to assist with opening and closing
- Available in a smooth or textured finish (Classic Plus available in smooth only)
- Optional accessories for the Classic canopy include; security mesh for sliding windows, high flow canopy vent and lift up side windows

* Classic Canopy Shown

Ute Liners

Compatible with all ARB canopies, ARB ute liners protect the ute tub from scratches, dents and corrosion, as well as common spills that might occur.

The one-piece design is vacuum formed to the exact shape of the tub, is UV stable and helps prevent load movement.

→ Available for Navara D23

Tailgate Assist

Manufactured in Australia and Germany, Tailgate Assist incorporates a single strut co-developed with Stabilus, the world leader in gas strut technology.

The passenger side damping strut helps to slowly lower the tailgate which, once opened, can be let go and continue to lower unassisted in a controlled manner.

Each kit comes with vehicle-specific hardware including mounting brackets and replacement tailgate cables and guide brackets where required.

→ Available for Navara D23

Roof Racks and Roof Bars

A roof rack is a valuable and versatile accessory for many touring and trade vehicles, and without one, some trips would just not be possible. It's the obvious place for lightweight, bulky items that are difficult to fit in the cabin of the vehicle. And with additional accessories now available, such as waterproof bags, you don't have to worry about your gear being exposed to the elements while travelling.

ARB manufactures both steel and aluminium roof racks to suit a wide range of vehicle types, covering both recreation and commercial applications:

- Deluxe roof racks (Patrol Y62 only)
- Trade roof racks (Navara D23 and Patrol Y62)

Additionally, ARB also stocks Thule and Rhino roof bars and accessories to suit most popular 4WDs, 2WDs and SUVs.

→ Options available for Navara D23 and Patrol Y62

BASE Rack

Introducing the next phase in roof rack evolution, the ARB BASE Rack.

Ultra sleek, boasting a super low mounting profile and lightweight design, the BASE Rack provides unmatched simplicity, flexibility and personalisation in your roof rack set-up.

Setting a new benchmark in strength and integration, the BASE Rack incorporates a revolutionary dovetail mounting system that makes attaching and removing loads and accessories easier, faster and more secure.

With six sizes to suit a huge range of vehicle applications and an ever-growing array of complementary accessories, the BASE Rack represents your all-in-one solution and the last rack you'll ever need.

The BASE Rack is available in a number of sizes to complement the vast range of 4WDs on the market.

Sizes/Dimensions:

- | | |
|--|---|
| ● 1,255mm x 1,155mm - 12.7kg approximately* Best suited to dual-cab vehicle | ● 1,835mm x 1,155mm - 17.7kg approximately* Best suited to narrow canopy |
| ● 1,255mm x 1,285mm - 14.3kg approximately* Best suited to dual-cab vehicle | ● 1,835mm x 1,285mm - 19.9kg approximately* Best suited to wider canopy or smaller wagon |
| ● 1,545mm x 1,285mm - 16.6kg approximately* Best suited to single-cab vehicle, short canopy or wagon with sunroof | ● 1,835 × 1,445 - 21.5kg approximately* Best suited to vans and vehicles with service bodies |
| ● 1,545 × 1,445 - 18.5kg approximately* Best suited to larger wagons | ● 2,125mm x 1,285mm - 22.8kg approximately* Best suited to larger cab wagon |
| | ● 2,125 × 1,445 - 24.5kg approximately* Best suited to vans and vehicles with service bodies |

→ Options available for Navara D23 and Patrol Y62

Old Man Emu

Old Man Emu has been the choice of suspension for 4WDers for many years due to the outstanding ride performance it delivers over all road surfaces. Integrated suspension packages are available to improve ride, handling and load carrying ability no matter what your requirements may be.

BP-51

The new BP-51 range of high performance, bypass shock absorbers is the result of an exhaustive development process aimed at delivering the ultimate in both comfort and control. Designed, developed and tested entirely in-house by ARB's team of Old Man Emu Ride Control Engineers, BP-51 shock absorbers are vehicle specific and allow independent adjustment of both rebound and compression damping, to offer class leading ride customisation that can be tailored to individual vehicle or trip requirements.

Nitrocharger Sport

Nitrocharger Sport shock absorbers are an integral part of Old Man Emu's suspension systems, providing a noticeable improvement every time the vehicle is driven. Built in Australia and trusted by 4WDers throughout the world, OME Nitrocharger Sport shock absorbers set the standard in fine tuning and ride comfort in any terrain, and simply outperform the competition.

Springs

Old Man Emu designs a range of coil and leaf springs, enabling the installer to match the most appropriate springs to the

intended application. While ride height increases are attained, an emphasis is placed on ride control improvements.

Further fine tuning is achieved when the springs are matched to a corresponding set of Old Man Emu shock absorbers, delivering a fully integrated system, designed specifically to suit your vehicle.

Hardware

Complete suspension integration is possible with Old Man Emu's range of hardware and accessories such as greaseable shackles, bushes and steering stabilisers.

→ Options available for Navara D23

Frontier Tank

The ARB Frontier diesel tank is a lighter alternative to steel tanks and its one-piece design utilises existing vehicle mounting points. Manufactured from a resilient, UV stable, impact resistant, cross linked polymer, each Frontier tank offers strength and rigidity and will not rust or corrode.

→ Available for Navara D23

Other Accessories

Air Locker

Designed and manufactured in Australia, ARB Air Lockers provide increased traction at the flick of a switch, whether it's rock, clay, sand, snow or mud. With a state-of-the-art two-piece design and an uncompromising approach to manufacturing, Air Lockers are distributed in over 100 countries worldwide and are the most trusted locking differential on the market.

Fridge Freezers

Developed specifically for off road use, ARB's range of fridge freezers offer uncompromising performance, making them the perfect companion for off road travel, giving you the convenience of cold food and drinks, with rapid cooling and low power consumption. The range comes in a variety of convenient sizes, as well as offering dual- and single-zone options:

- ZERO Fridge Freezers:**
36L Single Zone, 44L Single Zone, 60L Single Zone, 69L Dual Zone and 96L Dual Zone
- Classic Fridge Freezers:**
35L, 47L, 60L, 78L
- Elements Weatherproof Fridge Freezer:** 60L

Intensity LED Driving Lights

Engineered in Australia, ARB's Intensity LED driving lights have been designed and manufactured to specifically meet the demand of 4WDers around the world.

Submersible to three metres and vibration tested to military specifications, Intensity LED driving lights are available in traditional round sizes (AR21, AR32 and Solis) for standard bull bar mounting or as a light bar (AR40) for a unique integrated low-profile mount, suitable for both bull bars and roof racks. Spot, flood and combination beam patterns are available (model dependent).

IPF & Night Hawk Lights

To cater for the varying lighting requirements of 4WDers all over the world, ARB distributes a range of Night Hawk and IPF driving and fog lights, in addition to a range of replacement headlamp bulbs.

Recovery Equipment

When travelling off road, reliable and durable recovery equipment is paramount. ARB offers a large range of recovery gear that will help get your vehicle out of any sticky situation. The range includes snatch straps, recovery kits, tree trunk protectors and cable dampers. ARB also supplies a range of electric winches and Hi-Lift jacks.

LINX

LINX is a unique modern controller that declutters the dashboard and centralises the command of vehicle accessories by replacing classic switches, gauges and monitors with one sleek and smart driver interface. Built on an expandable platform, LINX will continue to evolve your on and off road driving experience both now and into the future.

Other Accessories

Reversing Camera Systems

ARB's range of reversing cameras and monitoring systems offers exceptional reversing visibility and helps to extend the driver's vision to the rear, side, roof or front of the vehicle. Designed with flexibility and superior performance in mind, there are a multitude of options to suit every individual, providing all round safety.

Dual Battery Kit

Perfect for powering additional accessories without running the risk of flattening the main battery and to give you peace of mind in the event of a main battery failure, ARB has a range of dual battery kits to choose from.

Air Compressors

ARB air compressors are available in both portable and vehicle mounted kits, and offer many advantages when exploring the great outdoors, such as inflating tyres and camping accessories, running air tools, activating Air Lockers, even reseating a tyre onto a wheel.

Outback Solutions Drawers

Modular in design for user customisation, Outback Solutions drawers can maximise the versatility of your vehicle's cargo space by being configured with fridge roller drawers, roller floors or stackable drawers. Manufactured from galvanised stainless steel with sealed roller bearings and commercial grade carpet for durability.

Safari Snorkels

A Safari snorkel will protect your vehicle engine from dust, snow and water ingestion, ensuring clean, dry air is always available, no matter what the circumstance. Manufactured in Australia from polyethylene, the Safari snorkel is UV stable and can handle the toughest of conditions.

Camping Accessories

ARB has a range of camping accessories to help you on your next weekend escape or off road adventure. Made from rugged and hardwearing materials and built for the great outdoors, the range was designed to cope with the harshest of conditions. From swags and rooftop tents to camping chairs and general accessories, ARB has all your camping needs covered.
