# PROTECTION

## FRONTAL PROTECTION

ARB bull bars will provide substantially improved protection to the front end of your Amarok, giving you the confidence to explore any terrain.

### Summit MKII Bar

The ARB Summit MKII Bar muscled up with the most innovative and advanced technology yet, all while fully integrating with Volkswagen's suite of advanced driver assist safety technology. The state-of-the-art Summit MKII Bar has been designed from the ground up to suit the latest Volkswagen Amarok.

### Summit Sahara MKII Bull Bar

Sharing core design elements with the Summit MKII, the Sahara series of bars also features either a polished alloy tube or a textured matte black tube with an LED light bar recessed into the top hoop.

## UNDER VEHICLE PROTECTION

The underbody of your 4WD is the most susceptible to damage when travelling off road. Protect your vehicle from dangerous rocks, ruts or logs with ARB's range of Under Vehicle Protection.

### ARB Under Vehicle Protection (UVP)

Providing an unrivalled safeguard for the underside of your vehicle, ARB's UVP is made from laser-cut steel, press formed and folded to provide superior strength. Designed to the specifications of the Volkswagen Amarok, it minimises the risk of damage to most vital components of the vehicle drivetrain.

### ARB Under Vehicle Armour (UVA)

Made from durable and impact-resistant cross-linked polymer, ARB's UVA weighs a fraction of any steel aftermarket alternatives, gives greater coverage, is easy to install and remove for vehicle servicing, and is compatible with the OE bumper, as well as bull bars, and the recovery points.

# SIDE PROTECTION

Designed to protect the doors and side sills of your vehicle, you won't be afraid when venturing off road with ARB Summit Side Rails and Steps.

## Summit Side Rails and Steps

ARB side protection equipment acts as a shield for your vehicle's vulnerable side panels, protecting them from rocks and road debris frequently encountered as you tackle the off road.

## Summit Side Steps

For those that do not require the side rails, a standalone protection step can be fitted. ARB Summit Side Steps protect the side of your vehicle and assist you from getting in and out of your vehicle with ease.

# RECOVERY

ARB's Recovery Points are your best friend off road, providing a safer connection point for all forms of winching or snatch recoveries while exploring 4WD tracks.

## Recovery Points (Front and Rear)

ARB Recovery Points are engineered specifically to each vehicle, providing a stronger yet lighter offering. The ARB Recovery Point slot features a chamfered edge specifically designed to suit both soft and steel shackles. Developed to fit the Volkswagen Amarok with UVP or OE protection, each ARB Recovery Point is rated at 8,000 kilograms up to the maximum turn angle of the front wheels.

Both left- and right-hand Recovery Points have been precision robot-welded and developed to allow for different set-ups of recovery equipment to suit each individual situation. As each point is rated at eight tonnes, the use of bridle straps is not required. Front Recovery Points are a forged construction.

Please note: Front Recovery Points must be fitted with ARB Frontal Protection.

The ARB Summit bars to suit Volkswagen Amarok support winch capacities up to 10,000lbs.

## WARN VR EVO Winch

Designed to perform in the most strenuous conditions imaginable, the WARN VR Evo winch offers fast line speeds with lower amp draw and are made with a bold tactical look giving your vehicle an aggressive style with premium recovery equipment. They are perfect for the occasional winch user while still getting genuine WARN quality.

## Bushranger COVERT Winch

A premium design with a stylistic and discrete look that seamlessly blends into 4x4 vehicles for a covert appearance. Engineered and proven in Australia, this winch is built to withstand the harshest environments using the highest quality components and rigorous testing methods, ensuring reliability and longevity.

# BACK OF UTE

With a style to suit every need, an ARB canopy is the perfect solution for storing anything from camping gear to tools while the ARB HardLid offers secure and weatherproof storage for your gear, as well as functional load carrying capacity on the top.

## Ascent Canopy

The Ascent Canopy is ARB's feature-packed flagship canopy, offering the highest level of useability and vehicle integration in an ultra-premium design. With features including fully integrated central locking and push-button window switches, the Ascent is the solution for those who live an active lifestyle and want their Volkswagen Amarok to look just as good off road as it does in the parking lot.

## Bed Rack

ARB Bed Rack is a tub mounting system that provides multiple storage and carrying solutions for your Volkswagen Amarok. Utilising the unique and innovative BASE Rack dovetail system, it provides mounting solutions on top, underside, outside and inside of the Bed Rack rail, while maintaining full access and use of the rear tub body.

## HardLid

Take your load to the next level with ARB's HardLid, which provides the perfect mounting platform for items that might be thrown on and lashed down as you leave for your next adventure. The premium design includes central locking, interior light and a set of premium rails, providing a feature-packed tonneau cover for your Volkswagen Amarok.

## Tailgate Assist

The perfect solution to the struggle of lowering and raising the Volkswagen Amarok's heavy tailgate, ARB's Tailgate Assist safely controls the opening speed and reduces the effort required to close while enabling simple, one-handed operation.

## SportGuard Tub Liner System

With model-specific moulding, an anti-slip floor and five-piece design, ARB SportGuard is a premium ute liner to protect your Volkswagen Amarok's tray. The multi-piece tub liner minimises wasted load space and simply snaps together with no drilling required while retaining factory load tie-down points.

# SUSPENSION

Get greater safety, ride comfort and handling across all terrains with an Old Man Emu suspension system from ARB.

## BP-51

Whether it's extended trips, off road 4WDing or tackling terrain, Old Man Emu BP-51 shock absorbers by ARB provide unrivalled performance, setting the benchmark for all driving conditions thanks to their fully adjustable internal bypass system. The result is the holy grail of suspension performance: the ultimate comfort and control when you need it.

## Nitrocharger

Old Man Emu's world-renowned Nitrocharger shock absorber has stood the test of time, constantly standing up to the conditions and demands of vehicle owners. The Nitrocharger range utilises significant advances in key componentry and the latest in valving technology to provide tremendous improvements in ride, comfort and handling over all terrains.

## GVM Upgrade

Whether you're carrying tools of the trade or packing up the 4WD for a year-long trip, your Volkswagen Amarok can exceed the original GVM. Old Man Emu is pleased to have development underway for GVM upgrades, with more details expected to be available in the coming months.

# MODULAR DRAWER SYSTEM

Whether it be for a quick weekend getaway or long-haul, interstate adventure, maximise the versatility of your vehicle's cargo space with an ARB Modular Drawer System. Configure to suit your needs, while taking cargo and equipment organisation to a whole new level.

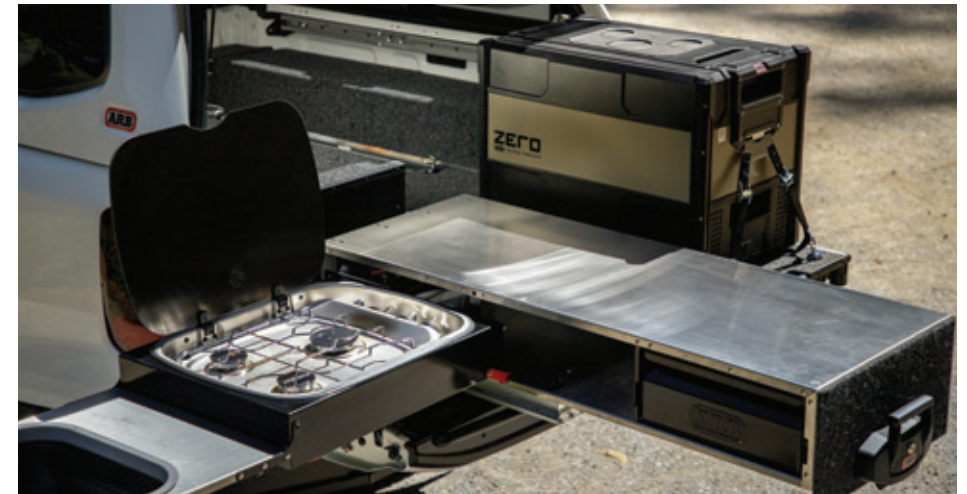

## ARB Modular Drawer System

With the creation of tailor-made trim panels, ARB has set the perfect aperture for the deployment of a fully integrated drawer suite to fit seamlessly into the Volkswagen Amarok. For added practicality, ARB has incorporated accessory switch bezel cut-outs, ideal for use with additional install kits, all while allowing for fitment with or without the tub liner.

# SLIDE KITCHEN

Whether at the campsite, the local park, the job site or even the side of the road, enjoy the ease of a fully functioning kitchen in your Volkswagen Amarok, wherever you and your 4WD are headed.

## Slide Kitchen

Featuring a three-burner stove, sink and ample bench space, ARB's fully freestanding Slide Kitchen can be set up in as little as 15 seconds, offering practicality for any tourer. Beyond being one of the most practical features for any 4WD, the Slide Kitchen also boasts an innovative user-friendly design.

## ROOF RACK SYSTEMS

Whether it's the worksite or campsite, make sure all your gear goes with you with ARB's wide range of load carrying solutions, from roof racks, cross bars and more.

### BASE Rack

Ultra sleek, boasting a super-low mounting profile and lightweight design, the BASE Rack provides unmatched simplicity, flexibility and personalisation for the Volkswagen Amarok with a range of accessories for full customisation.

The BASE Rack has three separate options for fitment, which include on:

1. Cab Vehicle
2. Ascent Canopy
3. Bed Rack

## BASE RACK ACCESSORIES

The BASE Rack takes accessories and cargo loading to a whole new level with a plethora of accessories and attachments to truly make it your own.

ARB's diverse range of accessories creates a level of simplicity, speed and personalisation when it comes to loading your BASE Rack. From a range of products including:

- Light Bars
- Awning Brackets
- Hi-Lift JACK Holders
- Recovery Board Holders
- BASE Rack Wiring Kit
- Roller Kit
- Jerry Can and Gas Bottle Holders
- Ratchet Straps and Tie-Downs
- Shovel Holder
- Spare Wheel Y-Strap

# DRIVING LIGHTS

By focusing light properly in front of the vehicle, ARB's range of LED driving lights actually increases visible range, improving your ability to react and reducing driver fatigue. ARB offers an extensive range of the best vehicle lighting options in Australia to suit your every driving need.

## Intensity IQ

ARB's latest groundbreaking addition to the Intensity Driving Light range is the Intensity IQ, a revolutionary LED light with four separate sections (Super Spot, Spot, Flood and Mid-range) that allow users to choose between thousands of different beam patterns.

## Intensity V2

Built with the latest LED technology, the Intensity V2 Driving Lights feature higher wattage OSRAM giants LEDs to deliver a light that is controlled and focused for the naked eye to see.

## Intensity Solis

With an array of features including a five-stage dimmability function, a highly tuned single-piece reflector and 165 watts of OSRAM LED performance, the Intensity Solis is top of the class when it comes to light output.

## FUEL TANK

Taking your adventures to the next level just got a whole lot easier with ARB's Frontier Long-Range Diesel Tank. A direct replacement for the factory-fitted tank, allowing you to carry a whopping 140 litres and ensuring that you can go further for longer.

### Frontier Long-Range Diesel Tank

Made in Australia from durable and impact-resistant polymer material that's designed to flex with the vehicle's chassis, the ARB Frontier Long-Range Diesel Tank allows a significant upgrade to the Volkswagen Amarok OE fuel tank.

## ELECTRICAL

ARB's range of specific electrical solutions are there to help because additional lighting options, such as driving lights or auxiliary lights, will require electrical components to connect and control them.

### Auxiliary Battery Kit

Offering an independent power source for items such as fridges and camp lights, an auxiliary battery system offers peace of mind and powers additional accessories without the risk of flattening the main battery.

### Wiring Loom (Amarok-Specific Solis Driving Light Harness)

For the Volkswagen Amarok, ARB has designed a plug-and-play wiring harness to connect into ARB Solis Driving Lights, offering seamless integration into the ARB bull bar and electrical system.

## AIR SYSTEMS + LOCKER

ARB's world-class Air Locker systems will take you anywhere you choose to go, coupled with our globally used, best-in-class Air Compressors.

### Air Locker

ARB Air Locker locking differentials allow you to tackle the toughest terrain with confidence. As the world's premium selectable locker, and the locker of choice for gruelling 4WDers and rock racers throughout the world, ARB Air Lockers will keep you moving regardless of the conditions. ARB Air Locker differentials directly replace the electric locking system in the front differential of the Volkswagen Amarok.

### Air Systems

The ARB Air Systems range have a class-leading flow rate and are constructed of lightweight, high-grade materials that allow for fast tyre inflation, Air Locker activation and a range of other functions. Available in single and twin motor, which can be either portable or be fitted into your vehicle. In-vehicle compressors can be accessorised with Pressure Control and ARB Air Storage Tanks.

## INTERIOR PROTECTION

Providing elite protection against damage from the elements, such as sun, dirt, water and debris, ARB provides interior protection solutions that work with the OE aspects of the vehicle to create the best protection solution for your rig.

### Floor Mats

Expertly designed to catch and hold debris, ARB Floor Mats are a waterproof solution that includes secure foot placement and a snug fit to cover all areas of your OE footwells and even utilise the vehicle's retention clips where applicable.

ARB Floor Mats are available for the front and rear of your Amarok.
