

NITROCHARGER PLUS

THE ULTRA-RELIABLE PERFORMER

Nitrocharger Plus is the ideal everyday shock absorber, offering enhanced ride comfort and handling across all terrains. If you're seeking a substantial upgrade to standard suspension, Nitrocharger Plus is the perfect choice for you!

- ✓ Triple-stage valving system providing improved ride, comfort and superior control by adjusting to varying road conditions and loads
- ✓ Built with high-quality, heavy-duty materials, enhancing durability and longevity, making it suitable for tough off road conditions and reducing the frequency of replacements or repairs
- ✓ Increased oil volume within the shock improves heat dissipation and reduces fade during extended use, ensuring consistent performance and reliability
- ✓ Designed with precision-engineered components for optimal performance
