

4X4 ACCESSORIES

FORD F-150

FOR YOUR LIFESTYLE

4X4 ACCESSORIES

ARB's range of Ford F-150 specific accessories will ensure you're ready for any adventure as you explore the outdoors. From the bold Zenith Bull Bar and integrated recovery points to the premium Old Man Emu MT64

Suspension and Upper Control Arms, this setup is engineered to handle serious terrain. Ensure your Ford F-150 is equipped with ARB's trusted products. Built tough, built to explore.

PROTECTION

Protect the front end of your vehicle with a winch-compatible ARB bull bar designed to give you the protection and confidence to explore any terrain.

Zenith Bull Bar

Sleek and functional, the Zenith Bull Bar is built for off road performance with minimal front overhang, upswept wings for maximum clearance, an integrated bash plate, dual eight-tonne Recovery Points and winch cradle. It retains factory functions and safety systems while allowing optional compact driving lights.

LIGHTING

Light your way with NACHO® driving lights. Ensure your vehicle is fitted with innovative and unique driving lights that suit your vehicle.

NACHO® Quatro

NACHO® has developed the Quatro to be a cutting-edge lighting solution that elevates your adventure, providing unparalleled performance in a durable and compact package. Crafted with both utility and flair in mind, the sleek four-inch pod design of the Quatro redefines traditional off road lighting.

RECOVERY

When you need a helping hand out on the tracks, ARB has you covered with a range of recovery equipment and accessories.

Recovery Points

The ARB Recovery Point features a chamfered edge specifically designed to suit both soft and steel shackles. Developed to fit the vehicle with UVP, UVA or OE protection, each ARB Recovery Point is rated at 8,000 kilograms up to the maximum turn angle of the front wheels. Both left-hand and right-hand Recovery Points are a forged construction and have been precision robot welded to allow for different set-ups of recovery equipment to suit each individual situation. As each point is rated at 8,000 kilograms, the use of bridle straps is not required.

WARN VR Evo 12-S

WARN is known for being rugged, durable and reliable, three key elements when it comes to winching. The WARN VR EVO Winch offers fast line speeds with lower amp draw and is made with a bold tactical look. This winch features a synthetic rope and can pull up to 12,000 pounds.

STORAGE

Whether it be for a quick weekend getaway or the long haul, maximise the versatility of your vehicle’s cargo space with ARB storage solutions.

MITS Alloy Canopy
The heavy-duty aluminium MITS Alloy Canopies for utes are built in Australia. Tailored to suit your lifestyle and needs, MITS Alloy Canopies are one of the most versatile options on the market, providing a range of possibilities to mount, carry and organise your gear.

MITS Alloy Tray
The heavy-duty aluminium MITS Alloy Trays are built in Australia. Every MITS Alloy Tray comes loaded with value-packed standard inclusions such as black textured powder-coat finish, under tray draws and toolbox. Manufactured using industry-leading design and innovation, they’re available for a vast range of vehicles on the market.

Bed Rack
Constructed from 6061 aluminium extrusion that is both lightweight and strong and with a load rating of 150 kilograms, the ARB Bed Rack provides versatility and allows the attachment and storage of multiple accessories. When equipped with an ARB Bed Rack, a compatible ARB BASE Rack can be fitted.

Bed Rack Accessories
Level up your Bed Rack with ARB’s range of Bed Rack accessories. Including side-mounted storage cases, recovery board mounts and MOLLE panel mounts, plus the full range of BASE Rack accessories, customise your Bed Rack to suit your next adventure.

SUSPENSION

Get greater ride comfort and handling across all terrains with an Old Man Emu suspension system from ARB.

OME BP-51 Suspension
Whether it’s extended trips, 4WDing or tackling terrain, Old Man Emu BP-51 suspension by ARB provide unrivalled performance, setting the benchmark for all driving conditions thanks to their fully adjustable internal bypass system. The result is the holy grail of suspension performance: the ultimate comfort and control when you need it.

OME MT64 Suspension
The MT64 is a set-and-forget suspension that takes comfort and load carrying to the next level. This highly engineered shock absorber and strut range provides all-round comfort when heavily loaded or tackling the harshest roads on your next adventure.

CAMPING

Take your camping experience to the next level with a range of products designed to improve your trip. From keeping food fresh and drinks cold to getting some shade from the sun, these products are designed with campers in mind.

Elements Fridge Freezer

The Elements Fridge Freezer has a stainless steel exterior with anodised aluminium latches and protected placement of electrical connections, making it capable of withstanding any weather conditions. The lid has a gas strut to allow two handed access to the contents. It also features a touchpad that allows for temperature control, low voltage cut-out and security lock. When the lid's open, you have full use of the touchpad but when it's closed, the adjustment is hidden to prevent unwanted changes. The lid can also be locked with a unique user-selected locking code.

ZERO Fridge Freezer

The perfect way to keep cans cold and your meals frozen with the convenience of wireless monitoring and control via your smart device, ARB's range of ZERO dual- and single-zone fridge freezers are the perfect addition to your car. With independently controlled cooling zones to give you the best of both worlds in one fridge, a dual-zone ZERO Fridge Freezer will give you the luxury of fridge and freezer space at the one time, while the single-zone ZERO offers fridge or freezer function to ensure your food stays fresh.

Altitude Rooftop Tent

The Altitude Rooftop Tent has been engineered with a fully automated open and close function including ARB SmartFold™ hinge technology to enfold the canvas, meaning no manual interaction is required. Designed to suit all requirements with a full-sized ladder including steps and handrails for added comfort.

Esperance 2 Rooftop Tent

The Esperance 2 Rooftop Tent, complete with a lightweight and hard-shell exterior, is suitable for dynamic worldwide climates. With a sleek and contemporary design, an optional shell colour-coding is also available. This rooftop tent is both quick and easy for vehicle mounting, as well as set up and operation with integrated D-handles with key-lockable security.

Flinders Rooftop Tent

The Flinders Rooftop Tent is compact without compromising on camping comfort, from a quick set-up and pack-up to the practicality of storing bedding inside. It features three windows, door entry, skylight and an all-weather ventilation port ensuring you're destination ready.

Simpson Rooftop Tent

The ARB Simpson III Rooftop Tent delivers the ultimate in ease and convenience when travelling. Unfolding in minutes, a rooftop tent provides sleeping quarters off the ground, protected from the elements. All bedding can remain inside the tent during the journey, freeing up vital storage space in the vehicle and allowing the tent to be quickly and easily packed away.

ARB Awnings

ARB Awnings are made from 300gsm PU-coated polycotton rip-stop canvas that is waterproof and UV protected. They feature anodised 25-millimetre aluminium poles with nylon cuff joints and anti-wear points with pegs and reflective guy ropes included. Awnings come in a grey soft case and can come with or without LED lighting. The ARB Awning also has the additional option of coming in an aluminium case, which provides a sleek, stylish look while protecting your awning. This is available in either black or silver.

ARB accessorised vehicles shown with optional accessories depicted throughout this publication are for illustration purposes only. Current features and specifications may vary. Not all accessories are available on or compliant for all model variants. Accessories depicted comprise ARB and aftermarket accessories. ARB accessories as fitted to vehicles are covered by the ARB and product-specific warranty. Terms and conditions apply, for full details please visit our Warranties page: arb.com.au

Please check with your local ARB Store or Stockist to confirm pricing, availability, compatibility, specific vehicle applications or for any other queries. Always consider the mass of your load and your selected accessories to ensure your vehicle will not exceed vehicle and accessory load limits. The illustrations used are not an indication or promise that the accessories and/or vehicle shown is compliant in your country, state or location.

All efforts are made to ensure images are accurate representations of the actual product; however, some images are computer-generated renders. Appearance of the actual product may differ due to print quality or other factors and customers are advised to satisfy themselves of the features of the actual ARB accessories.
