

4X4 ACCESSORIES

MITSUBISHI TRITON

FOR YOUR LIFESTYLE

4X4 ACCESSORIES

ARB's range of Mitsubishi Triton specific accessories will ensure you're ready for any adventure as you explore the outdoors. From the Summit MKII Bull Bar and Solis Driving Lights, to the Old Man Emu Nitrocharger Plus Suspension and Safari Snorkel, this build is ready for whatever comes next. Equip your Mitsubishi Triton with ARB's trusted products to conquer your next adventure.

PROTECTION

Protect the front end of your vehicle with a winch-compatible ARB bull bar designed to give you the protection and confidence to explore any terrain.

Summit MKII Bull Bar

The ARB Summit MKII Bull Bar has been designed with the most innovative technology yet, with complete integration to the suite of advanced driver assist safety technology available on modern vehicles. The design has been significantly updated to include a plug-and-play sequential indicator, clearance light, daytime running light and fog light within one complete unit for an integrated approach. Adding to the sleek design, the Summit MKII Bull Bar has robot welds on the front face for a premium finish.

Commercial Bull Bar

The ARB Commercial Bull Bar is a cost-effective alternative offering a comparable level of vehicle protection. Offering strength and reliability, it is engineered with a split pan to provide maximum air flow and a multi-fold wing that maintains an optimal angle with reinforced capability.

SIDE PROTECTION

Designed to protect your vehicle's doors and side sills, side protection gives you the confidence to venture off road, while rear protection ensures durability on steep, rocky terrain.

Summit Side Rails and Steps

ARB Summit Side Rails and Steps act as a shield for your vehicle's vulnerable side panels, protecting against rocks and road debris frequently encountered during remote area travel. Made from 60.3-millimetre tubular steel and featuring an anodised aluminium tread plate, the protection is available as rail and step or step on its own.

BACK OF UTE

Whether it be for a quick weekend getaway or the long haul, maximise the versatility of your vehicle's cargo space with ARB storage solutions.

MITS Alloy Canopy

The heavy-duty aluminium MITS Alloy Canopies for utes are built in Australia. Tailored to suit your lifestyle and needs, MITS Alloy Canopies are one of the most versatile options on the market, providing a range of possibilities to mount, carry and organise your gear.

MITS Alloy Tray

The heavy-duty aluminium MITS Alloy Trays are built in Australia. Every MITS Alloy Tray comes loaded with value-packed standard inclusions such as black textured powder-coat finish, under tray draws and toolbox. Manufactured using industry-leading design and innovation, they're available for a vast range of vehicles on the market.

Classic Canopy

ARB's Classic Canopy has stood the test of time, offering unrivalled quality, practicality and affordability. With the option of a smooth or textured exterior, an ARB Classic Canopy is the perfect solution to increase the protected storage space of your utility vehicle. With a range of accessories available, including canopy-mounted roof bars and racks, the Classic Canopy can be tailored to suit your lifestyle.

Classic Plus Canopy

Building on the proven design of the Classic Canopy, the Classic Plus Canopy integrates a single centralised, electronic-handle rear door that incorporates keyless entry and slam-shut style operation. The Classic Plus Canopy maintains the popular Classic shell, while embodying the proven design and engineering of the Ascent Canopy.

Ascent Canopy

The Ascent Canopy is ARB's feature-packed flagship canopy, offering the highest level of usability and vehicle integration in an ultra-premium design. With a raft of standard features including fully integrated central locking and push-button window switches, the Ascent is the solution for those who live an active lifestyle and want their vehicle to look just as good off road as it does in the parking lot.

STORAGE

Whether it be for a quick weekend getaway or the long haul, maximise the versatility of your vehicle’s cargo space with an ARB Modular Drawer System. Configure to suit your needs while taking cargo and equipment organisation to a whole new level.

ARB Modular Drawer System
With the creation of tailor-made trim panels, ARB has set the perfect aperture for the deployment of a fully integrated drawer suite to fit your vehicle. For added practicality, ARB has incorporated accessory switch bezel cut-outs, ideal for use with additional install kits, all while allowing for fitment with or without the tub liner.

BASE Rack
Ultra sleek, boasting a super low mounting profile and lightweight design, the BASE Rack provides unmatched simplicity, flexibility and personalisation with a range of accessories for full customisation.

SUSPENSION

Get greater ride comfort and handling across all terrains with an Old Man Emu suspension system from ARB.

OME Nitrocharger Plus Suspension
Old Man Emu’s world-renowned Nitrocharger Plus suspension has stood the test of time, constantly standing up to the conditions and demands of vehicle owners. A Nitrocharger Plus suspension system is an affordable upgrade that provides a significant improvement in comfort over the vehicle’s standard suspension both on and off road.

GVM Upgrade
A GVM upgrade allows your vehicle to safely carry more than the original maximum weight and ensures that your vehicle is GVM legal in all states of Australia.

LIGHTING

Shine the light on the road ahead with a selection of driving lights to suit your driving style. Choose from a variety of options such as spot, flood or combination lights to suit your ideal set-up.

ARB Intensity IQ
ARB Intensity IQ has been developed from the ground up with performance front of mind, whilst delivering a design that complements modern vehicle styling and bar work. Packed with unique features, Intensity IQ sets a new level of driving light design and usability.

ARB Intensity V2
Featuring 21 or 32 LEDs in spot or flood beam for the best use of light for your requirements, ARB Intensity V2 Driving Lights are protected against radio frequency and electromagnetic interference, and have virtually indestructible polycarbonate lenses.

ARB Intensity Solis
The ARB Intensity Solis Driving Lights have 21 or 36 OSRAM LEDs and a unique dimming feature allowing five preset outputs to alter the intensity of light. These have interchangeable red and black bezels, making the Intensity Solis lights suit your aesthetic requirements.

NACHO® Grande & Quatro
The unique sizing of the NACHO® range allows mounting locations on your rig to stretch as far as your imagination, whether it's a bar, rack, pillar or custom mount. NACHO® distinguishes itself in putting control back into your hands, through tough, innovative and customisable options.

Bushranger Night Hawk Variable Series
The Night Hawk Variable Series lights deliver versatile, high-performance lighting designed to adapt to any driving condition. Engineered with advanced optics and durable materials, this series of lights offers user control for maximum visibility on and off the road. With three different models to choose from, they are ideal for 4WDers seeking performance and the ultimate control.

RECOVERY

When you need a helping hand out on the tracks, ARB has you covered with a range of recovery equipment and accessories.

WARN VR Evo 10-S Winch
 WARN is known for being rugged, durable and reliable, three key elements when it comes to winching. The WARN VR EVO Winch offers fast line speeds with lower amp draw and is made with a bold tactical look. This winch features a synthetic rope and can pull up to 12,000 pounds.

AIR SYSTEMS & LOCKER

ARB's world-class air systems will take you anywhere you choose to go.

Air Locker
 ARB Air Locker locking differentials allow you to tackle the toughest terrain with confidence. As the world's premium selectable locker, and the locker of choice for gruelling 4WDers and rock racers throughout the world, ARB Air Lockers will keep you moving regardless of the conditions.

ELECTRICAL

Adding additional lighting options such as driving or auxiliary lights will require electrical components to connect and control them. ARB's range of specific solutions is there to help.

LINX Vehicle Accessory Interface
 LINX is a unique modern controller that declutters the dashboard and centralises the command of vehicle accessories by replacing classic switches, gauges and monitors with one sleek and smart driver interface. Built on an expandable platform, LINX will continue to evolve your on and off road driving experience both now and into the future.

LINX A-Pillar Bracket
 To complement ARB's LINX Vehicle Accessory Interface, the LINX A-Pillar Bracket mounts the LINX display screen in a safe and easy-to-reach location. Utilising the LINX mount, the display can be orientated to the desired position so each time the display is returned to the vehicle, it's always in the optimal position.

Slimline 100 12V/100Ah Lithium Ion Phosphate Battery
 Take control of your off road adventures with the ARB Slimline 100 12V/100Ah Lithium Iron Phosphate Battery. Designed with innovative features, it keeps you powered up while enjoying life's simple pleasures.

OFF ROAD ESSENTIALS

Always take the scenic route with a range of products to help you stay off road for longer.

Safari V-Spec Snorkel
Utilising Safari’s traditional design concepts and incorporating the very latest in scanning and CAD design software, Safari’s V-Spec Snorkel is ready to perform in the most extreme environments, protecting the vehicle’s engine against water, dust and snow ingress while delivering cool, clean air.

INTERIOR PROTECTION

Providing unbelievable protection against damage from the elements such as sun, dirt, water and debris.

Seat Covers
ARB Seat Covers are designed to last. These covers are machine washable and UV protected for everyday wear, whilst also being compatible with the vehicle’s seat heating and air bags (ADR compliant) to ensure normal seat functionality. Available in both neoprene and canvas materials, these vehicle-specific covers will fit snug to your seats and protect them from spills and any debris you bring in.

Floor Mats
Expertly designed to catch and hold debris, ARB Floor Mats are a waterproof solution that includes secure floor placement and a snug fit to cover all areas of your footwells, even utilising the vehicle’s retention clips where applicable.

CAMPING

Take your camping experience to the next level with a range of products designed to improve your trip. From keeping food fresh and drinks cold to getting some shade from the sun, these products are designed with campers in mind.

Elements Fridge Freezer

The Elements Fridge Freezer has a stainless steel exterior with anodised aluminium latches and protected placement of electrical connections, making it capable of withstanding any weather conditions. The lid has a gas strut to allow two handed access to the contents. It also features a touchpad that allows for temperature control, low voltage cut-out and security lock. When the lid's open, you have full use of the touchpad but when it's closed, the adjustment is hidden to prevent unwanted changes. The lid can also be locked with a unique user-selected locking code.

ZERO Fridge Freezer

The perfect way to keep cans cold and your meals frozen with the convenience of wireless monitoring and control via your smart device, ARB's range of ZERO dual- and single-zone fridge freezers are the perfect addition to your car. With independently controlled cooling zones to give you the best of both worlds in one fridge, a dual-zone ZERO Fridge Freezer will give you the luxury of fridge and freezer space at the one time, while the single-zone ZERO offers fridge or freezer function to ensure your food stays fresh.

Altitude Rooftop Tent

The Altitude Rooftop Tent has been engineered with a fully automated open and close function including ARB SmartFold™ hinge technology to enfold the canvas, meaning no manual interaction is required. Designed to suit all requirements with a full-sized ladder including steps and handrails for added comfort.

Esperance 2 Rooftop Tent

The Esperance 2 Rooftop Tent, complete with a lightweight and hard-shell exterior, is suitable for dynamic worldwide climates. With a sleek and contemporary design, an optional shell colour-coding is also available. This rooftop tent is both quick and easy for vehicle mounting, as well as set up and operation with integrated D-handles with key-lockable security.

Flinders Rooftop Tent

The Flinders Rooftop Tent is compact without compromising on camping comfort, from a quick set-up and pack-up to the practicality of storing bedding inside. It features three windows, door entry, skylight and an all-weather ventilation port ensuring you're destination ready.

Simpson Rooftop Tent

The ARB Simpson III Rooftop Tent delivers the ultimate in ease and convenience when travelling. Unfolding in minutes, a rooftop tent provides sleeping quarters off the ground, protected from the elements. All bedding can remain inside the tent during the journey, freeing up vital storage space in the vehicle and allowing the tent to be quickly and easily packed away.

ARB Awnings

ARB Awnings are made from 300gsm PU-coated polycotton rip-stop canvas that is waterproof and UV protected. They feature anodised 25-millimetre aluminium poles with nylon cuff joints and anti-wear points with pegs and reflective guy ropes included. Awnings come in a grey soft case and can come with or without LED lighting. The ARB Awning also has the additional option of coming in an aluminium case, which provides a sleek, stylish look while protecting your awning. This is available in either black or silver.

Slide Kitchen

The perfect way to keep cans cold and your meals frozen with the convenience of wireless monitoring and control via your smart device, ARB's range of ZERO dual- and single-zone fridge freezers are the perfect addition to your car. With independently controlled cooling zones to give you the best of both worlds in one fridge, a dual-zone ZERO Fridge Freezer will give you the luxury of fridge and freezer space at the one time, while the single-zone ZERO offers fridge or freezer function to ensure your food stays fresh.

ARB accessorised vehicles shown with optional accessories depicted throughout this publication are for illustration purposes only. Current features and specifications may vary. Not all accessories are available on or compliant for all model variants. Accessories depicted comprise ARB and aftermarket accessories. ARB accessories as fitted to vehicles are covered by the ARB and product-specific warranty. Terms and conditions apply, for full details please visit our Warranties page: arb.com.au

Please check with your local ARB Store or Stockist to confirm pricing, availability, compatibility, specific vehicle applications or for any other queries. Always consider the mass of your load and your selected accessories to ensure your vehicle will not exceed vehicle and accessory load limits. The illustrations used are not an indication or promise that the accessories and/or vehicle shown is compliant in your country, state or location.

All efforts are made to ensure images are accurate representations of the actual product; however, some images are computer-generated renders. Appearance of the actual product may differ due to print quality or other factors and customers are advised to satisfy themselves of the features of the actual ARB accessories.
